

## Derbyshire Mind Cookie Policy

Cookies are small text files that are sent to and stored on your computer, smartphone or other device when you visit a site. Cookies are useful because they allow a site to recognise your device.

The cookies we use are completely safe. We use cookies to safeguard your privacy when you're browsing our website. We also use them to let you use online forms.

The cookies we use cannot look into your computer, smartphone or web-enabled device and obtain information about you or your family or read any material kept on your hard drive.

Our cookies cannot be used by anyone else who has access to the computer to find out anything about you, other than the fact that someone using the computer may have visited a certain website.

Which cookies do we use?

We may store essential cookies on your device. This type of cookie does not collect information about you that could be used for marketing or tracking but is used to enable essential functionality of our site in response to your actions when you visit it.

Performance cookies allow us to see how our website's being used, so we know which pages people are looking at - it's totally anonymous but means we can make our site even better. Functionality cookies make our website more helpful to you by remembering your preferences and settings.

We use 'analytics' cookies to help us make our website better for those who visit it regularly. They help us work out what users like and don't like and how we can improve things for you.

*Third party cookies*

Google Analytics: `_ga_*`, `_ga`, `_gid`, `_gat_gtag_UA_*`

These store information used by Google Analytics to track user activity on our site

When we include links to third party websites, please bear in mind they'll have their own privacy and cookie policies. We recommend you read their policies as we're not responsible or liable for their sites.

If you wish to opt out of all cookies for this website and any other website, you can do this through your browser settings. Your browser's 'help' function will tell you how to do this.
